## Weekend Family Activities

We encourage parents to come to Hakuba on the Friday afternoon to meet their children and take part in family oriented activities over the weekend. It is a great chance for your youngster to show you all they have learned over the week and for parents to have a mini-summer camp of their own. Enjoy the refreshing water based activities with your choice of canoeing, kayaking or sailing on Lake Aokiko. If you would like to explore the mountains and forests of the area we can go mountain biking, rock climbing or head out on some day hikes that the whole family can enjoy. Accommodation at local pensions, hotels or lakeside camping can be arranged.
